PROFILE

I am a Front-End Web Developer based in Toronto with a passion for building engaging, functional websites. I love to learn and challenge myself, and I thrive most in an environment where I can use my creative abilities to tackle new problems. I have an extensive background in hospitality and love building relationships with the people I meet.

EXPERIENCE

GUEST SERVICE REPRESENTATIVE

Sweetgrass Spa, 2016 - 2018

- Gained knowledge of the spa's client management system (SpaWare, JONAS)
- Tracked monthly customer-related metrics and payroll using the POS reports

GUEST SERVICE AGENT

Eaton Chelsea Hotel, 2013

- Gained knowledge of the Opera PMS to register arriving guests
- Ensured correct credit card details and resolved any discrepancies in billing upon checkout

SKILLS

HTML	Javascript	Git/Github
CSS	React	Command Line
Sass	Firebase	VSCode/Sublime
jQuery	API	Responsive

EDUCATION
